Mrs. Kate Trimble Woolsey To Have Prominent English Guest

A cable from London announces that Lady Cooper-Key has sailed for America to be the guest of Mrs. Kate Trimble Woolsey in New York and of Mrs. Woolsey's mother, Mrs. W. W. Trimble, in Covington.

Lady Cooper-Key is not only one of the brightest and most charming women in the English aristocracy, but she is the widow of a famous Lord of the British Admiralty, a sister of the Marchioness of Tweeddale and the aunt of two very eligible and delightful young bachelors, the Earl of Guifford and Lord Arthur Hay. So pre-eminent is Lady Cooper-Key's sister, the Marchioness of Tweeddale, that Queen Victoria delegated to her for nine years

the right to hold Her Majesty's receptions in Scotland, and a presentation to the Marchioness entitled the recipient to the entire of any royal Court in Europe. At this time Lady Cooper-Key was a lady of honor at Court.

She has been for years a friend of Mrs. Woolsey, and so great has been their intimacy that her little daughter Katherine is named for Mrs. Woolsey.

Mrs. Woolsey, it will be remembered, was one of the victims of the C. and O. wreck at Lawrence Creek last May, being a passenger on the ill-fated train, en route on an extended trip in the East.

In noting the guests at the Assembly ball given the past week, the Frankfort correspondent of The Courier-Journal says: "Another exquisite costume was that of Miss Roberta Cox. This was of painted mull over silk and trimmed with touches of pink panne velvet and made entrain. Miss Cox is tall and fair."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FLOYD DAVIS

Killed at Connellsville, Pa.—Particulars Not Learned

Mr. Benson Orr received a telegram yesterday conveying the intelligence of the killing of Mr. Floyd Davis, Sunday morning at Connellsville, Pa. The deceased was the husband of Miss Lucy Lowry, a native of this city, and whose father conducted a grocery in Plum street for many years. Mrs. Davis is a niece of Mrs. F. N. Myer of Cincinnati, and a cousin of Mr. John B. Orr of THE LEDGER and Messrs. Benson and Lowry Orr of East Third street, besides other relatives here.

In the absence of further information than the simple announcement of being killed, it is supposed by his relatives here that his death was the result of a railroad accident, the deceased being in that line of business.

His funeral occurs today at Connellsville.

FOR PRESIDENT,

FOR VICE-PRESIDENT,

It's a wonder that Senator FORAKER don't accuse President ROOSEVELT of shooting up Brownsville.

IN conceding New York to HUGHES, Mr. TAFT acts like a man who has more delegates than he has use for, anyhow.—Washington Post.

He further said that few immigrants tell you or will admit just how much money they have. Many have twice as much as they let anybody know anything about.

HELPFUL ADVICE

You won't tell your family doctor the whole story about your private illness—you are too modest. You need not be afraid to tell Mrs. Pinkham, at Lynn, Mass., the things you could not explain to the doctor. Your letter will be held in the strictest confidence. From her vast correspondence with sick women during the past thirty years she may have gained the very knowledge that will help your case. Such letters as the following, from grateful women, establish beyond a doubt the power of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

to conquer all female diseases.

Mrs. Norman R. Brandt, of Allentown, Pa., writes:

"Ever since I was sixteen years of age I had suffered from an organic derangement and female weakness; in consequence I had dreadful headaches and was extremely nervous. My physician said I must go through an operation to get well. A friend told me about Lydia E. Pinkham's Vegetable Compound, and I took it and wrote you for advice, following your directions carefully, and thanks to you I am today a well woman, and I am telling all my friends of my experience."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, nervous prostration,

GOVERNOR HUGHES couldn't have secured his own state as a Presidential candidate if Secretary TAFT hadn't put his o. k. on it.

THE South do move. Kentucky will cut out the tobacco crop and Maryland will cut out the Negro vote. In many things the South is advancing backwards.

SOME well-meaning people are talking about "taking the tariff out of politics." If there is any issue upon which the two principal parties are at odds it is the tariff issue, and this will continue to be the case. It cannot be taken out of politics.—Rochester Union and Advertiser.

THE PUBLIC LEDGER agrees with Congressman SHERLEY of Kentucky, who recently declared in a speech in the House, "that the lack of a merchant marine was due to Republican policies." The Republican party has been woefully remiss in building up the American merchant marine, and the narrow-minded policy of the Government has allowed our ocean trade to drift away from us until England masters the Atlantic, and even Japan has practically driven our trade from the Pacific, until we have only a remnant of hulks to join in moving the immense business of the Occident. But the Democrats are a party to it. Look what fits they throw when "ship subsidy" is mentioned.

EASY TO CHOOSE.

Brother—Yes, I like Jack well enough, but how did you ever happen to marry a man a head shorter than you are.

Sister—I had to choose between a little man with a big salary and a big man with a little salary.

A motion looking to the welfare of Patrick Craven developed the fact that he had been given necessary clothing and placed in the Almshouse.

Owing to the crowded condition of the Almshouse, the matter as suggested by Member Short, of moving the frame building on the South end of the lot—formerly used as a pesthouse—to a position adjoining the present structure and converting it into four rooms, was placed in the hands of the Alms Committee with power to act.

The Ways and Means Committee was authorized to borrow \$1,000 for current expenses.

He had been offered \$502.62 as settlement for same, but considered it insufficient, and laid the matter before Council for a solution. Referred to Mayor and City Attorney with power to act.

HEARTILY ENDORSE COOPER REMEDIES

Dealer and Patient at Hallowell, Maine, Make
Statements Under Oath

In connection with the intense interest manifested by the public at large in the theory of L. T. Cooper as to the human stomach being the source of nearly all ill health, the statements of Mr. W. D. Spaulding, of Hallowell, Me., one of the oldest and best-known druggists in that state, and of Mrs. Frederick Harvey, a well known nurse living in the same place, will be interesting to thousands of persons who are today suffering from ailments directly traceable to the stomach. The fact that these statements are made voluntarily, under oath, removes all element of doubt. The statements follow:

"HALLOWELL, MAINE, July 20, 1907.
"TO THE COOPER MEDICINE CO.,
"Dayton, Ohio.

"Gentlemen—The policy at Spaulding's drug store is to gain the perfect confidence of the public by never recommending any medicine or treatment until its virtues have been fully established. The Cooper Remedies were to us an unknown quality, we were very skeptical of their medicinal value, and it was not until several of our customers had received such beneficial results from their use that we could no longer doubt their value that we consented to take the agency for the Cooper Remedies in this territory, heartily endorsing the same.

"Herewith we give the testimonial of a lady whose case came under our personal observation from her being a regular customer, and she says:—
"Gentlemen of the Cooper Medicine Co., Dayton Ohio: It is with pleasure I recommend your New Discovery

medicine, of which I have taken the contents of three bottles, and can today eat anything without inconvenience to myself. For a number of years I had suffered intensely with severe headaches, sour stomach, indigestion, pains in my side, and complications which made it exceedingly hard for me to accomplish even my household work. Physicians had given me dozens of prescriptions, which failed to accomplish a cure or even relief. Your New Discovery medicine advertisement attracted my attention, and I purchased a bottle of the medicine, which I took according to directions and before it was half gone, I felt very much better; when I had taken the contents of two bottles I gained courage to eat many things which for years I had denied myself, and found they caused me no ill effects. Today, after having used three bottles of the New Discovery, I can eat anything and feel that I am a well woman once more, and therefore would advise anyone to take Cooper's New Discovery, for I feel sure it will cure them.—Mrs. Frederick Harvey, Hallowell, Me.

"We endorse the above testimonial, under oath, as being correct.

"W. D. SPAULDING.
"Testimony before me under oath this 22nd day of July, 1907.

"GEO. A. SAFFORD,
"(SEAL)
"Notary Public."

The Cooper remedies have proven eminently satisfactory wherever introduced. We will be pleased to explain their nature to anyone wishing to know about them. We are agents. T. J. Chenoweth.

FOUND CUTICURA INDISPENSABLE

For Her Children—Little Girls Suffered with Itching Eczema Which Simply Covered Back of Heads—Baby Had a Tender Skin, Too.

ALL PROMPTLY CURED BY "WONDERFUL OINTMENT"

"Some years ago my three little girls had a very bad form of eczema. Itching eruptions formed on the backs of their heads which were simply covered. Before I heard of Cuticura, I used to try almost everything, but they failed. Then my mother recommended the Cuticura Remedies. I washed my children's heads with Cuticura Soap and then applied the wonderful ointment, Cuticura. I did this four or five times and I can say that they have been entirely cured. I have another baby who is so plump that the folds of skin on her neck were broken and even bled. I used Cuticura Soap and Cuticura Ointment and the next morning the trouble had disappeared. I am using the Cuticura Remedies yet whenever any of my family have any sores, I can never recommend Cuticura sufficiently; it is indispensable in every home. I cannot find its equal. MME. Napoleon Duceppe, 41 Duluth St., Montreal, Que., May 21, 1907."

PAINFUL ULCER

On Foot for a Year. Healed by Two Sets of Cuticura

"I had an ulcer on my foot for a year or more and it was very painful as it was a running sore. I had a doctor, but his treatment did not heal it. About eight months ago I commenced to use Cuticura Soap, Cuticura Ointment, and Cuticura Pills. I used two sets and it is now all healed up. Mrs. E. F. Ryder, West Brewster, Mass., April 29, 1907."

ORTER & CUMMINGS FUNERAL DIRECTORS

A man who had served two terms in congress was making a campaign for a third term. In the course of a speech in the town hall at Broomcorn Junction, a village near the further boundary of his district, he said:

"It is true, fellow citizens, that I have not always been able to do as much as I should like to do in the matter of internal improvements in this district, but I have never lost sight of your interests for a single moment. You have no idea of the obstacles that lie in the way of a congressman who tries to secure appropriations for public buildings, the improvement of navigable streams and the like for the benefit of his constituents, but I have labored constantly in your behalf to the very best of my ability."

"We know it!" shouted an old farmer in the audience. "That's why we want an abler man."—Youth's Companion.

What the Heart Does.

This so-called most delicate of organs, the most vital, may be called a principal handiwork. There are scientists to-day who can make a man, but they cannot cause his heart to beat. The human heart is about 5 by 3 1/2 by 2 1/2 inches in size, it weighs from 8 to 12 ounces, and its capacity is from 4 to 6 ounces in each ventricle. It is a hollow muscular organ, through which passes 22 1/2 pounds of blood every minute. Gaze on these figures and wonder! Sixteen tons of blood pass through it every 24 hours! Do some more thinking. It beats about 72 times a minute in a healthy adult man. Now, think still harder—in one year 11,664,000 pounds of blood pass through the heart. Such figures stagger the manly.

When "Drammers" Come Easy. At the Players' club in New York one evening there was a guest from out of town, a playwright well known for his extraordinary facility in turning out the alleged "drammers" that do the "ten-twenty-third" circuits. It is no uncommon thing for this producer to grind out five or six of his plays annually. Some one innocently asked the playwright if it was rather difficult to turn new ideas for his plays. "Really, I don't know," was the frank answer of the man who has made thousands of dollars from his "drammers." "I have never tried it."—Sunday Magazine.

Tobacco Raising in Kentucky Shown to Be Most Profitable Crop.

Sunday's Commercial Tribune.

That anything fascinating should come from the staid Department of Agriculture may be matter for surprise. But in these days of night riding in Kentucky, tobacco barn burning and complaints of the growers of crop prices The Crop Reporter, issued by the Department of Agriculture, passes in its December (1907) number a fascination that grows far beyond the romantic. It brings the reader down to solid facts and figures of crops and crop reports, with Kentucky's tobacco crop—like Ben Adhem's name—leading all the rest.

Taking the six crops of corn, wheat, hay, oats, barley and tobacco as grown in the states leading in the production of each, the report shows that Illinois leads in corn with an average yield of 36 bushels to the acre, producing 342,756,000 bushels. Kansas leads in the winter wheat with an average of 11.3 bushels per acre and produced 63,788,000 bushels. Iowa, leading in oats with an average of 24.2 bushels per acre, produced 108,900,000 bushels. Minnesota, leading in barley with an average of 22.5 bushels per acre, produced 26,663,000 bushels. New York, leading in hay with an average of 1.25 ton per acre, produced 5,896,000 tons. Kentucky, leading in tobacco with an average of 890 pounds to the acre, produced 240,478,000 pounds—all references being to the year 1907, and the fascination of the story of the Department begins at that point.

Taking the value of the crops per acre, based on the acreage of each crop and on the official statistics of the Department of Agriculture, the following values of crop, per acre, are obtained:

Iowa, oats, per acre, net.....\$ 9 10
Kansas, wheat, per acre, net..... 9 29
Minnesota, barley, per acre, net..... 15 08
Illinois, corn, per acre, net..... 15 84
New York, hay, per acre, net..... 19 40
Kentucky, Tobacco, per acre, net.. 90 80

The figures not only speak for themselves, but they can be kept silent, nor can the fact that the Kentucky tobacco grower re-

See if the color is unhealthy—If there are settlements and sediment, Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills, T. ward off Bright's disease or diabetes. Doan's have done great work in Maysville.

M. C. Chisholm, Constable in District No. 2, living at 343 East Second street, Maysville, Ky., says:

"Doan's Kidney Pills positively cured me of kidney trouble and I do not hesitate to give them my strongest recommendation. I had been troubled with too frequent action of the kidney secretions and it disturbed my rest nights. Having my attention called to Doan's Kidney Pills I procured them at J. Jas. Wood & Son's Drugstore, noticed an improvement in my condition from the first, and my trouble was soon entirely cured. This was some five years ago, and I have had no return of it since. Anyone suffering from difficulties arising from disordered kidneys can make no mistake by using Doan's Kidney Pills."
